Ryan,

2020 is already shaping up to be a challenging year for conservatives. Liberals in Congress are ready to undo the policy victories of recent years, and go even farther than they have before.

To protect our conservative policy victories and win new ones, **we have to stick together this year and stay motivated.**

Thousands of members have already confirmed their Heritage membership for 2020, but I couldn't help but notice that your name was missing.

It surprised me not seeing your name, because I know you value the conservative principles of free enterprise, limited government, individual freedom, traditional American values, and a strong national defense.

Will you activate your Heritage membership here for this year? This page is the fastest, most secure way to ensure that your Heritage membership is activated for 2020: [https://secured.heritage.org/ 2020](https://secured.heritage.org/2020)

Join and continue to fight for your principles.

Thank you! I appreciate your generous support.

Best,

Maggy Smith
